

# Streamlined Compliance Communications

Update letters and legal notices in minutes to keep up with regulatory demands.

## Simplify Communication Processes

Easily update content to keep up with ever-changing regulations through the Compliance Hub self-service tool set—without having to enlist the help of IT.

## Reduce Human Errors

Put your compliance communications on autopilot. With our workflow and automation capabilities, you can always be assured your communications are accurate and going out on schedule.

## Avoid Fines and Unnecessary Costs

Track and monitor every compliance communication sent to your clients in one secure place, preparing you for any upcoming audit.

## Improve the Customer Experience

Ensure your customers always know where they stand with your company by delivering clear compliance communications on a regular schedule.

## A Better Way to Manage Compliance Communications

Compliance Hub automates your compliance process with personalized and compelling communications while reducing your company's risk. Now, keeping up with CFPB, FCRA, and evolving collections requirements is easy with compliance self-service content management tools.

Built to scale and adapt with your organization's needs, Compliance Hub offers easy integration, rapid deployment, and customization to fit the needs of your business' ecosystem.

# Our Process

## 1 DISCOVER

Our team takes the time to understand your current systems and processes to seamlessly integrate Compliance Hub with your business.

*Need a proof of concept? We'll provide the information you need.*

## 2 IMPLEMENT

Deploy critical compliance communications in 45 days or less. Our rapid deployment methodology is designed to focus client involvement and minimize the time spent by your organization.

With minimal involvement of internal teams, your resources can focus on growing the business.

## 3 ONGOING SUPPORT

We provide ongoing support with a single point of contact, so you always have a partner to trust who understands your business and is focused on your success.

# Industries We Serve

Consumer Lending

Health Insurance

Credit Unions

Regional Banks

“We were looking for a partner to enable us to digitally transform our member communications. DataOceans' innovative solution enables us to deliver impactful communications to help achieve the goals of adding value to our members for continued growth, while creating measurable cost savings.”

— Harry Gunsallus,  
CEO, SRP Federal Credit Union

Oceanus is a comprehensive platform, powered by DataOceans, that brings data from existing systems together — delivering more effective, communications and better customer experiences, enabling long-term growth.
